Oklahoma National Stockyards Weekly Cattle Summary									
Compared to last week: Feeder steers and heifers 1.00-3.00 lower. Steer and heifer calves 3.00-7.00 lower. Demand moderate for all classes. Cattle futures continued to drift lower today and feeder buyers nervously watched the out front live cattle futures drop thus lowering breakevens. Much of the region saw sunshine today but areas of the northeast Oklahoma received more rain. A cold front arrived late in the day and is expected to bring more rain tonight. Supply included 1350 head of reputation ranch calves that sold to very good demand. Quality improved from last week and plain thru average. Moving into more of a typical fall like run this week with a larger supply of calves and limited numbers of yearling cattle, especially steers over 800 lbs and heifers over 700 lbs.
